ONE HUNDRED & TWENTY-FOURTH

REPORT

OF THE

Eye, Ear and Throat Hospital

FOR

Shropshire and Wales

1941

Information useful to Subscribers

Recommendation Forms can only be used during the year for which they are issued. One Ticket entitles a patient to attend the Hospital for three months ; at the end of which time a fresh one is required.

There are no special in-patient recommendation forms ; such patients are admitted at the discretion of the Surgeons.

No food or intoxicating beverages are allowed to be introduced into the Hospital without the knowledge of the Matron.

Friends of in-patients are allowed to visit them on Wednesdays and Sundays from 2 till 4, but on no other day without special leave.

Out-patients not bringing their own bottles are charged 3d. each for large and 2d. for small bottles. By special arrangement with the Official Opticians, patients can purchase the spectacles ordered for them at greatly reduced prices.

At the first visit to the Hospital with a recommendation form, patients are given a card with a reference number on it ; this should always be quoted when enquiries are made concerning patients.

This Institution being established for the relief of those who are **POOR AND UNABLE TO PAY FOR MEDICAL ASSISTANCE**, subscribers are most urgently requested not to give these recommendation forms indiscriminately. In doubtful cases the Secretary will be pleased to advise as to the best course to pursue.

Letters requiring information as to Subscriptions, etc., should be sent to the Secretary : C. S. Asbury, 7, The Square, Shrewsbury ; those on purely medical matters to the Surgeons at the Hospital.

For information regarding the Shropshire Voluntary Hospitals Contributory Association, School Inspection Cases, and Ophthalmic Benefit, see inside of back page of this cover.

Surgeons' Report for 1941

During the year 1941 the total number of patients treated at the Hospital was 8,123, of whom 5,642 were new patients. There were 18,844 attendances at the Out-Patient Department, and the number admitted to the Wards as In-Patients was 1,949.

Operations totalled 2,287, of which 1,183 were major and 1,104 minor procedures. There were 657 cases requiring removal of foreign bodies from the eye.

Eight deaths occurred during the year, the causation being :— Meningitis (2) ; Bronchpneumonia, Heart failure, Septicaemia, Cerebral abscess (2) and Cerebral embolism.

In our report last year attention was drawn to the increase in the work of all departments of the Hospital. The above figures show a further increase in every case. The four items essential to any comparison between the annual figures are the numbers of new patients, of attendances, of in-patients and operations, and the year's figures show an increase over those of 1939 of :—1,769 new patients, 5,384 attendances, 457 in-patients and 381 operations.

In addition there were two new activities initiated, namely, an Orthoptic or Squint training Clinic, under the care of Dr. McGarrity, and a department for treatment by Short Wave Diathermy, both of which have already proved their value.

The number of mastoid operations again showed a decline to 48, which is a decrease of 44 per cent. since 1938.

We take this opportunity of expressing our thanks to our colleagues for their valued assistance, and we desire to record our appreciation of the loyal service and efficiency of the House Surgeon, the Matron, Nursing Staff and the Almoner, to whose co-operation is due so much of the success of the Hospital.

ANNUAL REPORT

The Committee of Management have pleasure in submitting the 124th Annual Report of the Hospital.

Another year has passed, during which the War has continued with its attendant inconveniences of rationing, black-out and Staff shortages. In spite of these and other difficulties, the work of the Hospital has never been interrupted—indeed it has increased. It will be seen from the Surgeons' Report on page 3 that many more cases have been treated than in any previous year.

During the period under review the average daily number of in-patients was 55. This is 2 more than the normal complement of 53, but advantage has been taken of the 10 Emergency Beds supplied by the Ministry of Health at the commencement of the War. In order to provide accommodation for the extra staff necessitated by the increased number of patients, we have taken over the flat above the garage which was formerly let off at a rental. This has provided good accommodation—especially for the night nurses—and relieved congestion in the Nurses' Home.

In the last report of your Committee, reference was made to the distressing fact that finance played such an important part in the work of our Voluntary Hospitals. Certainly, when one finds that, under every heading except two, expenditure has risen steeply, it is a constant anxiety to know from what source funds are to be provided. In spite of the difficulties of the times, however, your Committee considered it to be their duty to instal further equipment and, as stated in the Surgeons' Report, a Short-wave Diathermy Apparatus has been purchased and an Orthoptic (Squint Training) unit installed. This is responsible for the rise in expenditure on "Instruments and Equipment" as shown in the Accounts.

During the year the Salaries of our Matron and Nurses have been increased to bring them into line with those paid by the Ministry of Health Hospitals and other authorities. These increases, together with the higher wages paid to the domestic staff, largely account for the total additional expenditure shown under this heading.

The total expenditure during the year was £8,784, and this has been financed as follows:—

Subscriptions, Donations and Collections	£ 2,843
Shropshire Voluntary Hospitals Contributory Association	3,018
Public Authorities and Ministry of Health Emergency Hospitals Scheme	1,569
Dispensary, Private Wards and Rents...	1,103
Investment Income	538
Other	64
	<hr/>
	£9,135
	<hr/>

This income has been sufficient to meet our expenses and enable us to transfer £31 to the Superannuation Fund Account (bringing this up to £6,000) and provide £250 for Repairs and Renewals which, but for the War, would have been carried out during the year.

It will be noticed that almost one-third of our total income is provided by the Shropshire Voluntary Hospitals Contributory Association. We cannot speak too highly of the work which has been done by this organisation. Not only does it provide a most important item in the income of all the hospitals which are incorporated within it, but it has important social implications. The voluntary hospitals were founded and supported for over a hundred years by the voluntary efforts of philanthropic men and women, but changing times debar this section of the community from continuing to bear the whole of this burden, and it is being met, to no inconsiderable extent, by the workpeople and others for whom the amenities of the Hospital are provided. In this connection, mention should be made of the election to the Committee at the last Annual General Meeting of Governors, of Mr. H. Bowles and Mr. F. H. Bowen as representatives of the Contributory Scheme. These gentlemen are especially welcome and bring to the deliberations of the Committee an expert knowledge which is very greatly appreciated.

During the past year we deeply regret the passing of our Chaplain, Rev. C. B. Roach, whose charm of manner and strength of character had endeared him to all with whom he came in contact. We also deplore the loss which The Royal Salop Infirmary in particular, and Shropshire Hospitals in general, have sustained through the death of Lieut.-Col. R. C. Donaldson-Hudson, D.S.O., who had acted as Chairman of the Infirmary Board of Management for many years. We are glad to notice that his memory will be perpetuated by the new pathological laboratories which have recently been opened by the Royal Salop Infirmary who, by a happy inspiration, have named them "The Donaldson-Hudson Laboratories."

Since the close of the year we regret to record the death of Miss Rachel Humphreys who, for many years, was a member of the Committee of Management of this Hospital. Her passing means the loss of an old and valued friend whose kindly interest in the welfare of the Hospital was evidenced by her many generous benefactions thereto.

Legacies have been received from the following during 1941 and are gratefully acknowledged :—

	£	s.	d.
Mr. E. B. Moser	100	0	0
Miss A. E. Moser	100	0	0
Mr. W. K. Carter	250	0	0
Miss A. M. Bromley	160	16	11
Mr. C. J. Exley	50	0	0
Mrs. Marie Corbett	25	0	0
Mr. Richard Phillips	0	17	2

For the period of the War the aim of your Committee is to carry on; to be prepared, as far as it is reasonably possible, for any emergency which may arise, and to serve the very much enlarged public now in the area to the best of our ability. Your Committee foresee, however, that, after the War, there are likely to be drastic changes in connection with the administration of Voluntary Hospitals and, for this reason particularly, the re-constitution of The Shropshire and Mid-Wales Regional Hospital Council is warmly welcomed.

The Ladies' Guild has again rendered most valuable service, which is much appreciated, and we should like to thank the members for their numerous gifts of clothing and equipment.

Once more it is our pleasure to acknowledge the assistance given by the St. John's Ambulance Brigade and The British Red Cross Society, the members of which have co-operated with us most helpfully during the year. Mrs. Bryson has also helped us on many occasions, for which we are most grateful.

The Staff have been called upon for more work—to which fact the increased number of cases bears witness. The whole organisation has worked smoothly and satisfactorily, and for this your Committee thank the Surgeons, the Matron and all their fellow workers, without whose loyal co-operation these results would never be achieved.

To all those supporters of the Hospital—Subscribers, Donors and helpers we offer our thanks and express the hope that their much appreciated efforts will be continued for many years to come.

EDMUND C. TAYLOR,

Chairman.

At their first meeting following the Annual General Meeting the Committee shall elect one of their number to act as Chairman for the ensuing Hospital year, and minutes of the proceedings at all meetings shall be taken by the Secretary. 12.—The Committee shall have power to request the Trustees to invest all monies which in their opinion are not required for current expenses at the Institution. Any sums of money which the Trustees may receive for investment of which they may be requested by the Committee to invest shall be invested by them in their own names or in the names of not less than three of them in some or one of the stocks, funds or securities not being bearer securities or transferable by mere delivery and endorsement hereinafter mentioned or referred to, that is to say in any stocks, funds or securities in which Trustees are authorised by law to invest (except real securities in Ireland) or in the preferred ordinary stock of any Railway Company in Great Britain, in the guaranteed or Preference Stock of which Trustees are authorised to invest by law as aforesaid or in the Debenture Stock of the Buenos Ayres Great Southern Railway or in the Stocks or Bonds of the Mersey Docks

The Trustees shall have and exercise a discretion in the continuance of any investments standing in their names, but shall not be bound to require the realisation of any security unless thereto requested by the Committee, and no Trustee shall be liable for any loss which may arise by reason of the insufficiency of any investment or the depreciation thereof. All such requests by the Committee to the Trustees shall be made by way of resolution, duly entered on the minutes of the Committee and communicated in writing to the Trustees.

13.—Any Candidate for the office of Surgeon must be a Medical Practitioner duly qualified and registered in the United Kingdom, and must have attended for not less than six months the Clinical Practice of some Ophthalmic Hospital, or of the Ophthalmic Department of some General Hospital, in which not less than 20 beds are set apart for Eye patients, and must have spent not less than six months in the Special Study of the diseases of the Ear and Throat, and possess such other qualifications as the Committee shall from time to time require. OPHTHALMIC BENEFIT.

Most Approved Societies have adopted what is known as Ophthalmic (Additional) Benefit, under which there are available private consultations with specially qualified medical men, and which entitles their members to examination of the eyes and, if necessary, to a prescription for spectacles.

In cases where a member of the Scheme belongs to a Society which provides Ophthalmic Benefit, he should consult his panel doctor, who, if he thinks that the patient needs ophthalmic examination or treatment, will inform the patient how to proceed.

If the Approved Society to which the member belongs does not provide Ophthalmic Benefit, then he is eligible for treatment, either as a contributor or by recommendation.
